Subject: Expanded outline
Outline-CLEAN-with-HEDEdits-3-28-11.docx

Hi Chris,

I combined all the outlines the Heather reorganized it so that the information would flow more smoothly. The latter is attached. Dan and Becky are currently going through it to modify the language and add references. The expect to be done early next week. At that point I would like to send it to the rest of the team to do the same. When I get something back from everyone (including an initial bibliography) we will send it out to our partner agencies to let them know what we are doing/have done and asking them what other information they can add. We had hoped to send the outline tomorrow, but that has obviously slipped. Can you give me an estimate on when you will get the outline back to me with references included? As always sooner is better, but not at the expense of quality.

I hope you are talking with Dan and Nature Serve about your billing. Funds are in place to address that.

Phil
